

Suzi Quatro, What is like to be Loved

What's it like to be loved
It's a worn out faded picture
Showing you the secrets of your youth
Did you feel
Was it real
It's a game that's made for children
Win or lose you pay your dues tomorrow
Love and life is happiness and sorrow
I waited so long just to be alone
Tonight we're gonna make it
Really gonna break it
Sweet sweet lover gonna bring it home
Tonight we're gonna make it
Really gonna break it
Now I'm sinking
Throw me a line
Take it easy
I gotta unwind
I've been thinking
That love it is blind
What's it like to be loved
