

# Suziquatro, Can't Trust Love

(Quatro/Tuckey)

Riding down the highway  
Finding time to do it my way  
No destination  
Heading for that open skyway  
And I can't trust love no more  
No I can't trust love no more

Well I'm a broken hearted woman  
Running down my own home track now  
Ride free at fifteen  
Since then I ain't looked back now  
And I can't trust love no more  
No I can't trust love no more

No No NoNo No NoNo No No

Can't trust love  
Can't trust love  
Can't trust love  
Can't trust love  
Can't trust love  
Can't trust love  
Can't trust love  
Can't trust love

I met a man in Memphis  
I thought I'd take another chance now  
One night of loving that's all  
It's just that same old song and dance

And I can't trust love no more  
No I can't trust love no more

No No NoNo No NoNo No No
