

Suziquatro, Can't Trust Love

(Quatro/Tuckey)

Riding down the highway
Finding time to do it my way
No destination
Heading for that open skyway
And I can't trust love no more
No I can't trust love no more

Well I'm a broken hearted woman
Running down my own home track now
Ride free at fifteen
Since then I ain't looked back now
And I can't trust love no more
No I can't trust love no more

No No NoNo No NoNo No No

Can't trust love
Can't trust love
Can't trust love
Can't trust love
Can't trust love
Can't trust love
Can't trust love
Can't trust love

I met a man in Memphis
I thought I'd take another chance now
One night of loving that's all
It's just that same old song and dance

And I can't trust love no more
No I can't trust love no more

No No NoNo No NoNo No No
