

Suzi Quatro, Shakin' All Over

(Heath)

When you move in right up close to me
That's when I get the shakes all over me

[Chorus:]
Quivers in my back bone
I got the shakes in my thigh bone
I got the quivers in my knee bone
Shakin' all over

Just the way that you say goodnight to me
Brings the feeling out inside of me

[Chorus]

Well, you make me shake, and I like to shake
You make me shake (Can the can, honey)

[Chorus]
