

# Suzy Bogguss, Saying Goodbye To A Friend

If I lose my concentration  
Disappear from the conversation  
Don't mind me  
I'm saying goodbye to a friend.

I try to start each day out cheerful  
But if my eyes get blue and tearful  
Please understand  
I'm saying goodbye to a friend.

I broke a glass while I was washing dishes  
Fell to the floor in a million pieces  
It's not just something you can pick up in your hand  
These little things that shouldn't matter  
Make something inside me shatter  
And I'm on my knees  
Saying goodbye to a friend.

Like the end an era  
Like a scene in a rearview mirror  
I Thought I'd got past it  
Now I'm looking at it, again  
Saying goodbye to a friend.

--- Instrumental ---

All our secret dreams and fears  
All that's left of those hard earned years  
Kick up like dry leaves  
And drift off on the wind  
Just when I think I've let it go  
I catch a chill and that wind will blow  
I'm out in the cold  
Saying goodbye to a friend.

Like the end an era  
Like a scene in a rearview mirror  
I Thought I'd got past it  
Now I'm looking at it, again  
Saying goodbye to a friend.

Looking, again  
Saying goodbye to a friend...
