

Svala, The Real Me

If you took a little time
And just looked into my eyes
I know that you would find
Something real
You don't have to be afraid
I'm not playin' any games
Just tryin' to find a way
So hear me now

Move a little closer, baby don't you run away from me
I wanna give you your dreams, let me show you the real me
Come a little closer, I need to feel your body next to me
I wanna give you your dreams, gonna show you the real me

Gonna show you the real me, come a little closer
Gonna show you the real me, I wanna a give you your dream baby

So many things to say
So many things to do
And all I really want
Is to be loved by you
Dancing in the night
Holding me so tight
Baby tell me what to do
I'm so in love with you

Move a little closer, baby don't you run away from me
I wanna give you your dreams, let me show you the real me
Come a little closer, I need to feel your body next to me
I wanna give you your dreams, gonna show you the real me
Move a little closer, baby don't you run away from me
I wanna give you your dreams, let me show you the real me
Come a little closer, I need to feel your body next to me
I wanna give you your dreams, gonna show you the real me
Gonna show you the real me, come a little closer
Gonna show you the real me, I wanna give you your dream baby
Oh come on baby, don't you run away from me
I wanna give, I wanna give, I wanna give
Come a little closer, I need to feel your body
I wanna give you your dream baby
