

# Swati, 2 O'Clock In The A.M.

Hello, goodbye  
I'm not going to hide  
I'm on the 11th floor and I've got ten more flights to climb

So many people have attempted to make their own demise  
Or is it to see personally who's going to save your life

And now it's 2 o'clock in the morning  
And half the lights in the city have died  
But the other half has been left on  
I wanna know, are you afraid of the dark  
Like I am, so

So I move to New York City  
So I won't be the only one left at night  
See if everybody's sleeping  
I feel like I need to keep an open eye

And now it's 2 o'clock in the morning  
And half the lights in the city have died  
But the other half has been left on  
I wanna know, are you afraid of the dark  
Like I am, so

Now there's alcohol dripping out of my eyes  
And I feel so blessed to feel so sad  
It's making me high  
I think I can, I can, I can fly

And now it's 2 o'clock in the morning  
And half the lights in the city have died  
But the other half has been left on  
I wanna know, are you afraid of the dark  
Like I am, so
