

# Sway, Sweat

SWEAT

Yeaeyeah (...)

Yesterday I was at peace with myself  
Today is another story  
I feel like they're watching me every second  
And that is why I worry

And I just can't stand the stifling fact  
that they're looking for me now  
They know where I live  
They know what I look like  
And just don't ask me how

So I sweat  
So I sweat  
I'm so freaked I'm soaking wet  
This is it

Aw yeah

This is it  
Yeeeeah hey

They've spiked my drink  
Made me sink  
Freaked me out so I can't think

So I sweat  
So I sweat

Yeeeeah hey  
I gaze over my shoulder  
every time I gotta cross the high street  
I stare into the the ground  
so as not to eyeball the ones that I meet  
I guess police protection is out of the question  
That much is becoming clear

This is such an outrage  
It is a disgrace  
the way they're fucking with little old me

Come on  
Mmm...yeah

So I sweat  
So I sweat  
I'm so freaked I'm soaking wet

This is it  
This is it

Yeeeeah hey

They've spiked my drink  
Made me sink  
Freaked me out so I can't think

So I sweat  
So I sweat

Yeeeeah hey

I see their reflections  
in car parts mirrors  
and heavy fumes  
and in Disney tunes

They talk without whispering  
'cos they think I'm not listening  
Like dolphins are singing  
in ultra high wavelengths  
they talk to me

That's just it you see  
I just can't shut them off  
All I do is sweat

Aah

Well  
I come  
I come  
I come  
I come alive

With a shiver  
shiver  
shiver down my spine

I can't believe  
all the things that I see  
I try to run  
they hold on to me

Escape by foot won't get me far  
And the bastards boobietrapped my car  
I totally fucking fail to see  
why this shit has to happen to poor little me

So I sweat  
So I sweat  
I'm so freaked I'm soaking wet

This is it  
This is it

Yeeeeah hey

They've spiked my drink  
Made me sink  
Freaked me out so I can't think

So I sweat  
So I sweat

Yeeeeah hey

So I sweat  
So I sweat  
I'm so freaked I'm soaking wet

This is it  
This is it

Yeeeeah hey

They've spiked my drink

Made me sink  
Freaked me out so I can't think
