

# Sweet, Changes

There's something in the air, kill or cure  
The writing's on the wall  
And I don't feel so good anymore  
They'll catch me if I fall

Help me, help me, help me through the storm  
Take me, take me, take me, make me strong

Going through changes in my life  
Going through changes in my life

A watchman never talks, deep in thought  
It's time to turn back time  
I know across the land make a stand  
I think I'll be just fine

Help me, help me, help me through the storm  
Take me, take me, take me, make me strong

Going through changes in my life  
Going through changes in my life

Help me, help me, help me through the storm  
Take me, take me, take me, make me strong

Going through changes in my life  
Going through changes in my life  
Going through changes in my life  
Going through changes in my life

Going through changes  
Going through changes  
Going through changes  
Going through changes
