

# Sweet Coffee, I Don't Need You Anymore

I don't need you  
I don't need you  
I don't need you anymore  
I don't need you  
I don't need you  
I don't need you  
I don't need you anymore

The love we had is forever ever gone  
This time I know you can't hurt me anymore  
Ooh, all the chances that I gave  
False promises you made  
This time I'm sure I can make it on my own

I don't need you anymore  
I don't need you anymore  
I don't need you anymore

I don't need you anymore  
I don't need you anymore  
I don't need you anymore

This time I feel I will make it on my own  
The love we had is forever 'n' ever gone  
hmmm, is forever 'n' ever gone

This time I feel I will make it on my own  
The love we had is forever 'n' ever gone  
hmmm, is forever 'n' ever gone

This time I feel I will make it on my own  
The love we had is forever 'n' ever gone  
hmmm, is forever 'n' ever gone

I will make it  
I will make it  
I will make it  
I will make it  
I will make it  
I will make it  
I will make it  
I will make it  
I will make it on my own  
I will make it on my own  
I will make it on my own

I will make it on my own  
I will make it on my own  
I will make it on my own

This time I feel I will make it on my own  
The love we had is forever 'n' ever gone  
hmmm, is forever 'n' ever gone

This time I feel I will make it on my own  
The love we had is forever 'n' ever gone  
hmmm, is forever 'n' ever gone

I don't need you  
I don't need you  
I don't need you  
I don't need you  
I don't need you  
I don't need you

I don't need you  
I don't need you
