

Sweet, It Makes Me Wonder

Now that every body is gone
I am left to wonder why it all went so wrong
Mabye i was born to late
In a time when love so quickly turned to age
Don't go outside

Alive

Safe is inside

Goodbye

Indside outside

It's feel so good to be alive

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why"

Why

Shield my face against the rain

I can never see the world i knew againe

By playing god they went too fare

But why have i been left alone to bear the scar

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why"

Why

Why

Why

Don't go outside

Alive

Safe is inside

Goodbye

I ndside outside

It's feel so good to be alive

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why why"

And it makes me wonder

"Why why"

Why
