

# Sweet, It Makes Me Wonder

Now that every body is gone  
I am left to wonder why it all went so wrong  
Mabye i was born to late  
In a time when love so quickly turned to age  
Don't go outside

Alive

Safe is inside

Goodbye

Indside outside

It's feel so good to be alive

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why&quot;

Why

Shield my face against the rain

I can never see the world i knew againe

By playing god they went too fare

But why have i been left alone to bear the scar

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why&quot;

Why

Why

Why

Don't go outside

Alive

Safe is inside

Goodbye

I ndside outside

It's feel so good to be alive

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why why&quot;

And it makes me wonder

&quot;Why why&quot;
