

# Sweet, Letters D'Amour de France

When you're alone, nobody phones  
You've found a safe hideaway  
Taking your time dropping a line  
Reading the words you just couldn't say  
And I'm calling you calling you  
I want you here  
Lettres D'Amour de France  
All that I need is love and romance  
Lettres D'Amour de France  
All that I need is love and romance  
My close memories stay to remind me  
Take them away leave them behind me  
Breathing a sigh the truth in a lie  
Closing my eyes help me see clearly  
And I'm loving you loving you  
I want you here  
Lettres D'Amour de France  
All that I need is love and romance  
Lettres D'Amour de France  
All that I need is love and romance
