

Sweet Rush, Let it go

verse: Iman

i dont even know how to say this
and i dont wanna make no excuses
this has been on my mind for a while
so umma stop stallin and just say it
we were so cool when we started out
made me feel i was the one you always dreamed about
so i just went along living in the moment
but your just not the one for me

Pre-hook:

were really good friends but i cant see myself
with you i have these feelings but its not enough
to be with you, shoulda told you sooner but
everytime i tried i got caught up in emotion
and now im feeling like im stuck

Hook:

Let it go, didnt mean to string you along i gotta
let it go, dont wanna make things any worse i gotta
let you know, its killin me inside and im losing my mind
so i gotta tell you goodbye

Verse 2: Siham

So now that i said what i had to say
i hope i haven't made a mistake cuz
even though i am sure of everything that i said
i cant help it if i miss you every now and than
(and i know) your real confused and i dont blame you at all
(and i hope) that we can be friends sometime later on
but you gotta understand, wasnt meant to be this way
cuz now you've fallen and i just gotta be honest Babe!

Pre-hook:

were really good friends but i cant see myself
with you i have these feelings but its not enough
to be with you, shoulda told you sooner but
everytime i tried i got caught up in emotion
and now im feeling like im stuck

Hook:

Let it go, didnt mean to string you along i gotta
let it go, dont wanna make things any worse i gotta
let you know, its killin me inside and im losing my mind
so i gotta tell you goodbye

Bridge: Iman and Siham

Now we aint friends no more, sorry that i lead you on
maybe one day things will be the same again

Let it go, didnt mean to string you along i gotta
