

Sweet, Slow Motion

Slow down, you're chasing my life away
No time in life for tastin'
The sweet perfections of life with you
Slow motion living could not be blue
A life's too good to hurry
Slow down, slow living is good for you
Don't try so hard to hit ceiling
(Goin' to get you down)
Don't tell me, I know the feeling
(Sure will bring you down)
I'd like to be a goal getter
(Goin' to tell you now)
Slow motion, I can see better
(That's to see you)
Slow down, you're chasing my life away
Slow down, don't answer me "no";
I'd like to let you go
But it's sure there's favour in
Keep it slow, so I get savor in loving you
Slow down you're chasing my life away
No time in life for tastin'
The sweet perfections of life with you
Don't try so hard to hit ceiling
(Goin' to get you down)
Don't tell me, I know the feeling
(Sure will bring you down)
I'd like to be a goal getter
(Goin' to tell you now)
Slow motion, I can see better
(That's to see you)
Slow down, you're chasing my life away
Slow down, you're chasing my life away
Slow down, you're chasing my life away
Don't try so hard to hit ceiling...
