

# Sweet, Slow Motion

Slow down, you're chasing my life away  
No time in life for tastin'  
The sweet perfections of life with you  
Slow motion living could not be blue  
A life's too good to hurry  
Slow down, slow living is good for you  
Don't try so hard to hit ceiling  
(Goin' to get you down)  
Don't tell me, I know the feeling  
(Sure will bring you down)  
I'd like to be a goal getter  
(Goin' to tell you now)  
Slow motion, I can see better  
(That's to see you)  
Slow down, you're chasing my life away  
Slow down, don't answer me "no"  
I'd like to let you go  
But it's sure there's favour in  
Keep it slow, so I get savor in loving you  
Slow down you're chasing my life away  
No time in life for tastin'  
The sweet perfections of life with you  
Don't try so hard to hit ceiling  
(Goin' to get you down)  
Don't tell me, I know the feeling  
(Sure will bring you down)  
I'd like to be a goal getter  
(Goin' to tell you now)  
Slow motion, I can see better  
(That's to see you)  
Slow down, you're chasing my life away  
Slow down, you're chasing my life away  
Slow down, you're chasing my life away  
Don't try so hard to hit ceiling...
