

# Sweet, Waters Edge

I don't wanna live here any more  
The plus is to high as a vaine  
With a little less take and a little more give  
I might find a reason for staying  
Down by the waters edge  
'coes theres too much gone on under  
Down by the waters edge  
'coes theres too much gone under  
Give me a ticket to the promised land  
I'll still gotta settel my score  
The next boat is leaving and i be there  
We're the last in line we shot the door  
Down by the waters edge  
'coues theres too much gone on under  
Down by the waters edge  
'coes theres too much gone under  
Now i am here in my paradise  
Living my life my way  
Love is the only thing that i need  
I found my reason for staying  
Down by the waters edge  
'coues theres too much gone on under  
Down by the waters edge  
'coes theres too much gone under
