

# Sweetbox, Happy Tears

I've had my broken hearts  
I've had my broken dreams  
I'm not proud of things I've done  
Even though I may fall  
I will still stand tall  
I will still be holding on

Cause I, I won't give up and I'll never give in  
I'll close my eyes and just remember when  
When I cried, I cried happy tears

I've been spitting in the wind  
Over and over again  
Trying to find out who I am  
I've had to fight my way  
Without a hand to hold  
But this is the life I chose

Cause I, I won't give up and I'll never give in  
I'll close my eyes and just remember when  
When I cried, I cried happy tears

I've had my broken hearts  
I've had my broken dreams  
But this is the life I chose

Cause I, I won't give up and I'll never give in  
I'll close my eyes and just remember when  
When I cried, I cried happy tears
