

Sweetbox, Over And Over

Damn I thought you wouldn't get to me this time
I thought that I could finally love and lie
But here I am wrong again over and over
Damn you're like a rush of blood straight to the head
You're a thousand dreams and a thousand words unsaid
But here I go wrong again over and over

Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over
Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over

I always seem to be left wondering why
There doesn't seem to be any good left in goodbye
You say goodbye bittersweet over and over

Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over
Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over

You're the bright light in my eyes
You're the mountain I can't climb
You're the glass that shatters my pride
And you, you're the song stuck in my head
You're the face I can't forget (forget)
Over and over and over and over
Over and over

Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over
Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over

Just a little kiss and then goodbye
Just a little tear but I won't cry
You're a mistake that I make over and over (again)
Over and over now
