

# Sweetbox, You Can't Hide

Chasing an illusion  
I try to hide from the deepest,  
Whole and the truest part of who I really was

But there's not a place to hide  
When you are standing  
Underneath the sky  
Even though we try to  
You know that you can never hide beneath the stars  
You can hide from everyone but you

Life's not supposed to be easy  
When we convince ourselves that happiness  
Can happen casually  
But every smile is precious  
And every small touch of love  
Are moments that we're fighting for

There's not a place to hide  
When you are standing underneath the sky  
Even though we try to  
And you can try, you can try, you can try, you can try, you can try, you can try  
But you can only hide from everyone but you

Life's not supposed to be easy  
No one ever knows how their fate will play them  
And if their dreams are strong enough to carry and carry them through  
No one ever knows  
Do we need to know

No place to hide  
Beneath the stars and sky  
Yourself defined....ohh....oooo...
