

Sweetsalt, Beautiful Lie

Beautiful lie, beautiful summertime
They say life is on the stage, not everybody makes it
Not so far along the way, something changed my mind
Between then and now I've been wondering why
Call me crazy and then just maybe
It was a beautiful lie

Beautiful night in the beautiful summertime (Beautiful to me)
A beautiful life is a beautiful lie (Beautiful to me)

Half a mile away from the place you left me
A thousand miles have gone as the years flow by
And I realize that all of my life was beautiful, beautiful'
It was a beautiful lie

Beautiful night, beautiful summertime (Beautiful to me)
A beautiful life is a beautiful lie (Beautiful to me)
Beautiful night, beautiful summertime (Beautiful to me)
A beautiful life is a beautiful lie (Beautiful to me)

And I've got to find the strength to let me live my life my way
To paint myself the darkest shade, so you can see yourself in me
(Beautiful)
(Beautiful)

Beautiful night in the beautiful summertime
A beautiful life is a beautiful lie
