

Swell, Down

Let's just sit, we'll waste some time
On a quiet street (an incredible night boy)
Been taught to think every choice is free
Such a wonderful night, such a beautiful street
... Well I guess this is progress(?)
Lord I feel like this monkey says
I have to do the ugly days over...
Gotta make it to the sunshine,
I'll be right at home.
Now Jack and Paul gonna save this tree
But it fell right down (an incredible time boy)
I see this tree, like I see them all
On a wonderful night, on a beautiful street
... Well I guess this is progress.
