

Swervedriver, How Does It Feel To Look Like Candy

How does it feel to look like candy?
Always tripping up on the wires
I'm gonna give you the downside now
Candy's insomnia astounds me
Brain ticking until the light
At least she gave me some words to write
She's in full flight
She's in full flight

Do you know the way to Santa Fe?
Bup budder da da bup bup bupper da
I've got lots of friends in Santa Fe
Bup budder da da bup bup bupper da

How does it feel to dress like candy?
Always dressing up to the nines
Got more lives than a cat's nine lives
Do you know the way to Santa Fe?
Bup budder da da bup bup bupper da
I've got lots of friends in Santa Fe
Bup budder da da bup bup bupper da

Candy!
Always dressing up to the nines
She's got more lives than a cat's nine lives
She's in full flight
Cat's nine lives
In full flight
Cat's nine lives
In full flight
Cat's nine lives
