

# Swervedriver, You Find It Everywhere

You find it here  
You find it everywhere  
It's always there  
I'm drivin' everywhere

Beyond the glare  
There's burnin' everywhere  
We stop and stare  
I'm falling every stair

So take me there  
I really just don't care  
Down at the fair  
We'll find them everywhere

The clothes you wear  
You find them everywhere  
The profit's there  
They're buyin' every share

You find it here  
You find it everywhere  
It's always there  
I'm striving every stair
