

# Swing Out Sister, Dirty Money

Nothing ventured, nothing gained  
You've got to live a life  
Or you'll be living in shame  
Nothing ventured, nothing lost  
Make your dirty money  
But someone's got to pay the cost

Dirty money  
Oooh, is it such a crime?  
The only living you'll make in your life time  
Dirty money, oooh, dirty money  
Is it such a crime?  
Dirty money, to survive

Lead your careless lives  
Only time will tell  
You've got to be strong to survive  
Get out of this heaven or hell  
Double-cross and double take  
In this life of make or break

Dirty money  
Oooh, is it such a crime?  
Dirty money  
The only living you'll make in your life time  
Dirty money, oooh, dirty money  
Is it such a crime?  
Dirty money, to survive

Nothing ventured, nothing gained  
You've got to live a life  
Or you'll be living in shame

Dirty money  
Oooh, is it such a crime?  
Dirty money  
The only living you'll make in your life time  
Dirty money, oooh, dirty money  
Is it such a crime?  
Dirty money, to survive

Dirty money  
Oooh, is it such a crime?  
Dirty money  
The only living you'll make in your life time  
Dirty money, oooh, dirty money  
Is it such a crime?  
Dirty money, to survive
