

# Swing Out Sisters, Don't Say The Word

Don't say the word  
Somethings are better left unsaid  
Don't say the word  
A moment you might just regret

Don't say the word  
And put your conscience out to rest  
Don't say the word  
We'll find emotions do the test

When it's real you can't hide what you're feeling  
And your heart will reveal more than words could ever say  
Until then don't let words get in the way  
Don't explain, I'm not listening anyway  
I've heard it all before  
Don't say the word

It's just a game that people play  
Don't say the word  
Until you mean the things you say, yeah  
Don't say the word  
Undo what's already begun

Don't say the word  
Because the best has yet to come

When it's real you can't hide what you're feeling  
And your heart will reveal more than words could ever say  
Until then don't let words get in the way  
Don't explain, I'm not listening anyway  
I've heard it all before  
I've heard it all before  
Don't say the word

When it's real you can't hide what you're feeling  
And your heart will reveal more than words could ever say  
Until then don't let words get in the way  
Don't explain, I'm not listening anyway  
I've heard it all before  
I've heard it all before  
I've heard it all before  
Don't say the word  
Don't say the word  
Oh, don't say a word
