

# Swing Out Sisters, Invisible

Invisible

When life's a darker side shade of happiness

Impossible

Emotion empty as a wilderness

And if you see me don't pretend to look away

Can't turn your back on every rainy day

Incurable

A spirit given up for dead

Oblivious

To the long and lonely road that lies ahead

A passion burning like a fire without a flame

Nothing will ever be the same again

Lonely places I have found

Undiscovered in my mind

(chorus)

Looking at life

Passing me by

A lonely star without a crowd

Losing my mind

Playing for time

Dreaming out loud

Impossible

That we should choose the life we live

Insatiable

We've given all we've got to give

We'll never find the dreams we left behind

Discarded, left for someone else to find

Lonely places I have found

Undiscovered in my mind

Chorus

Looking at life

Passing me by

Not gonna be the same again

I'm losing my mind

Playing for time

Dreaming out loud

Buried and gone

What took so long

I'm still shining, shining on the inside

Looking at life

Passing me by

Always looking for that golden hour

Looking at life

Passing me by

All the tears, the future left behind

Buried and gone

What took so long

I'm still dreaming, dreaming out loud

I'm losing my mind

Playing for time

Dreaming out loud
