

Switchblade Symphony, Roller Coaster

We've been sailing
All through sick skies
Backbones breaking
So we all lie

We've been sailing
All through sick skies
Backbones breaking
So we all lie

We are laughing, you see
Ha ha ha ha

Please don't get in line again
For the ride of the rollercoaster
Please don't get in line again
For the ride of the rollcercoaster

It's such a scream
It's such a scream

See the tracks
Bring them back
Don't you dare
Leave them there

We are laughing, you see
Ha ha ha ha

All the places
They're getting close to me
Coming around the bend
For all to see
And all to be
