

Switchfoot, Don't Be There

Don't be there
Don't be there
'Cause I'm on my way

And I'm already gone over
And I'm on my way, hey

And I can't recall myself
How I went down
Did I get shot
Or shoot myself

I'm down here
I'm down here
And you're way up there

That doesn't hurt badly
But it stings right here, hey

I can't recall myself
How I went down
Did I get shot
Or shoot myself

And I won't pretend there's
Nothing there
You be around
And I'll be square
Don't be alarmed if I'm not there
You be around
And I'll be square

If you're a rose
Then I'm the thorn
That's in your side

And does it hurt badly?
'Cause it burns right here, hey

I can't recall myself
How I went down
Did I get shot
Or shoot myself

I'd like to say hello
I'd like to say I care
I'd like to let you know
That nothing here's the same with me
Nothing here's the same

I can't recall myself
How I went down
Did I get shot
Or shoot myself

And I won't pretend there's
Nothing there
You be around
And I'll be square
Don't be alarmed if I'm not there
You be around
And I'll be square

Don't be around

Don't be there
Don't be there
