Switchfoot, New Way To Be Human

Everyday it's the same thing Another trend has begun Hey kids, this might be the one It's a race to be noticed And it's leaving us numb Hey kids, we can be the ones

With all of our fashion We're still incomplete The God of redemption Could break our routine

There's a new way to be human It's nothing we've ever been There's a new way to be human New way to be human

And where is our inspiration? When all the heroes are gone Hey kids, could we be the ones?

Cause nobody's famous And nobody's fine We all need forgiveness We're longing inside

There's a new way to be human It's nothing we've ever been There's a new way to be human It's spreading under my skin There's a new way to be human Where divinity blends With a new way to be human New way to be human

You're throwing your love across My impossible space You've created me Take me out of me into...

A new way to be human To a new way to be human

You're a new way to be human Where my humanity blends To a new way to be human Redemption begins You're a new way to be human You're a new way to be human You're the only way to be human You're a new way to be human
