

Swollen Members, Watch This

Mad Child :

My motorcycle rings are flooded
I'm star studded
You motherfuckers not going to be able to cut it
Listen bitch, I'm a tough act to follow
Suck my dick and here's a nutsack to swallow
Wanna get personal, close and intimate
Listen kid I'm a whole different instrument
Mental I'm not sentimental
I'm intrakit, its impossible not to get into it
My intent to vent is not innocent
I'm guilty of being real filthy with these menisci ways
Its time to finish ya faze
I'm proof that raw adrenalin and energy pays

Chorus :

Your done your time is up
It's a brand new beat now turn it up (turn it up)
Swollens been coming up
Now watch these motherfuckers burn it up

Your done your time is up
It's a brand new beat now turn it up (turn it up)
Swollens been coming up
Now watch these motherfuckers burn it up

Prevail:

Prevail Prevail baseball bat and nails
I'm a menace to society, my records for sale
Were back, back in black I'm back at it
Attack were taking it back like dead rabbits
Wreck havoc me and the metal metallic magic
My talents a canister of sinister gasses
Storm like a fascist this is my advantage
My tongues like a whip to administer lashes
Molten ashes, fire and brimstone
You need to hire me to put a name on a tomb stone
Your fucking with the league of extraordinary gentlemen
Penalties of venom, and Armageddon's millennium
Bringing the hang man to measure the distance
The drop, and listen to the vertebrae pop
I'm a hurricane pops with the speed of a cheetah
Believe in the new school cause P's one of the leaders

Chorus :

Your done your time is up
It's a brand new beat now turn it up (turn it up)
Swollens been coming up
Now watch these motherfuckers burn it up

Your done your time is up
It's a brand new beat now turn it up (turn it up)
Swollens been coming up
Now watch these motherfuckers burn it up
