

Swosh, Set Myself Free

Although it's good you been up
Things are not over
I'm holding onto my feel
You go when i'm wondering
When will we realizing
Beause i just can't forget
I can't leave and
And set myself free

[chorus]
I cannot leave and set myself
Myself free
Never, never again
I cannot leave never again

I am a man who's getting on way
Goes straight with a smile
You might cry rains in a while
You know i'm what i am
I am those healing tears
That's why i could come so near
I can't leave and
And set myself free

[chorus 2x]
I cannot leave and set myself
Myself free
Never, never again
I cannot leave never again (oohh)

Less about frightening
Beyond a freak world
Go your way because i love you again
Less about watching
The river as it flows
We've ever been here
But still i don't know, yeah
Set my-self...free

[chorus]
I cannot leave and set myself
Myself free
Never, never again
I cannot leave never again (oohh)

I cannot leave and set myself
Myself free
You will do it again
I cannot leave
Make it again, oohh
