

# SWV, Don't Waste Your Time

Don't Waist Your Time

(Chorus)

Don't waist your time  
You should be mine  
Come get to know my love, my love  
Don't look no more  
You can be sure  
Come get to know my love ---

(Verse)

Baby can you tell me  
What it takes  
To get to know your love  
I want you love me in every way  
I got what you're waiting for  
Don't waist your time, no

(Chorus)

(Verse)

Here in my arms is where you should be  
No need to be alone  
I can fulfill your fantasy  
Give your real lovin' to me  
(If time is what this is all about)  
If time is what you need  
(Then I'm sure we can work it out)  
(Please just listen to me) -Please-  
(I know I can make you happy)

Repeat Chorus Until Fade.....
