

# SWV, Ohh Starry Night

SWV:

I've waited all of my life  
For the day when love appears  
Like a fairy tale in days of old  
He will rescue me  
&gt;From my fears

TLC:

And now  
He suddenly walks in like a dream  
And how  
Can I tell him what he means to me  
My heart stands still as he comes

Chorus (SWV):

Ohh starry night  
Is he the one that I dream of  
Ohh starry night  
Is he my own

Could he be my own true love

Bridge:

Ohh starry  
Is he the one that I dream of  
Ohh starry night  
Tell me is he my own  
Could he be my own  
How will I know  
Will his love  
Is he my own true love
