

# Syd Barrett, Late Night (Take 2)

When I woke up today  
and you weren't there to play  
then I wanted to be with you  
when you showed me your eyes  
whispered love at the skies  
then I wanted to stay with you  
inside me I feel alone and unreal  
and the way you kiss will always be  
a very special thing to me...

When I lay still at night seeing  
stars high and light  
then I wanted to be with you  
when the rooftops shone dark  
all alone (I) saw a spark  
spark of love just to stay with you  
inside me I feel alone and unreal  
and the way you kiss will always be  
a very special thing to me...

If I mention your name  
turn around on a chain  
then the sky opens for you  
when we grew very tall  
when I saw you so small  
then I wanted to stay with you  
inside me I feel alone and unreal  
and the way you kiss will always be  
a very special thing to me...
