

Syd Barrett, Two Of A Kind

Open your eyes and don't be blind
can't you see we're two of a kind?
I've got to say this, I hope you don't mind
I love you, we're two of a kind

Just ask yourself and you will find
we go together, we're two of a kind
no use protesting, be resigned
baby you know, we're two of a kind

I knew it when I saw you
I felt it a little more when
I talked with you at first
all my blues dispersed
I couldn't disguise
my complete surprise
when you were feeling it too
I'm in love with you, I'm in love with you...

Open your eyes and don't be blind
can't you see we're two of a kind?
I've got to say this, I hope you don't mind
I love you, we're two of a kind
