

# Syleena Johnson, One Day

I'm not the one to wish bad things

On someone who's done me wrong  
I like to think I can forgive and move on  
But I've seen it time and time again  
You lose a good thing then you want it back again  
But it's too late to want what you reminisce

And it was hard to lose you  
Four days I laid with the blues  
And every night I cried and prayed  
Hoping that you would see one day

One day, someday, you'll realize too late  
One day, some day soon  
One day, someday, you'll realize too late  
That I was down for you

And while my heart still longs for you  
My mind replays what we went through  
I used to love you, really love you  
But I found myself happier this way and oh one day

One day, someday, you'll realize  
Someday, you'll realize  
One day, someday, you'll realize  
Someday, you'll realize  
One day, someday, you'll realize  
It'll take you by surprise  
Someday, you'll realize
