

# Sylvan, For One Day

Your hands uncertain, with your voice unheard  
When you're lost in senses it's for all you're worth  
With your eyes you capture where the others fail  
With your face you show me what you long to say

When the waves of sorrow surge into your heart  
No-one knows how deeply it tears yourself apart

For one day teach me dreams unbroken  
For one day speak what's left unspoken  
For one day come into the open  
For one day

Timid gestures and your sight unsure  
When you cry in silence it's not a fake at all  
And then your tears of sorrow the others fail to see  
From me you can not hide it you can not lie to me

When the isolation justifies your thoughts  
And alone you wonder who will hear your call

I'll be waiting I'll be waiting for you  
I am hoping to relieve your sorrows  
I am dreaming I am longing for it  
Show me reasons for one day
