

Sylver, Never Ever

Verse 1:

Crawling through life's jungle
lived alone and lost in time
I need to lose my shadow
I want you to be my guy
fleeding from desire
out of reach and out of sight
my road is long and darkened
our hope is on my side

Chorus:

Never ever ever felt so alone
never ever ever been stripped to the bone
shivering shadow leave me alone
shivering shadow forever alone
Never ever ever felt so alone
never ever ever been stripped to the bone
shivering shadow leave me alone
shivering shadow forever alone
Never ever ever felt so alone
never ever ever been stripped to the bone
shivering shadow leave me alone
shivering shadow forever alone
