

# Symphony X, Seven

Above all - high and mighty - will like a towering  
steed - a Web of Conceit that I weave  
More...wanting much more - grasping with  
Envious Eyes - dark desires lead to words  
that cut like knives

Frozen in your tracks... No remorse  
Embrace the rack - Twisting down your spine  
... 'till the End of Time

It's Fire and Ice - make the Sacrifice  
No one there to catch you when you Fall  
It's Shadow's and Sin - Enemies Within  
You'll be fine, so cross the line and Damn it all

Slip into Shades of Nothing - yesterday's  
promises die - More, taking more than I need to  
bleed you dry

Cut your throat - Abandon all Hope 'blood-money  
lusting' portrayal - Break the trust from dawn  
to dusk bring down the curtains on you final  
act of betrayal

Empty hands recoil... feel your Blood begin to boil  
Tails and Fangs or Doom - violently consumed

It's Fire and Ice - make the Sacrifice  
No one there to catch you when you Fall  
It's Shadow's and Sin - Enemies Within  
You'll be fine, so cross the line and Damn it all

Virtue or vice? Will you pay the price?  
When there's no one to catch you when you fall  
...so Damn you All...

Give me hot-blooded yearning - infect and pollute  
all that's pure - more than my heart can endure  
Vengeance and Fury - Screaming  
and eye for an eye - lashing out in Anger  
I curse the sky

Demon Song is sung - first your ear ... and then  
your tongue - Wear this Mask of Fire - and burn  
for all you're desired

It's Fire and Ice - make the Sacrifice  
No one there to catch you when you Fall  
It's Shadow's and Sin - Enemies Within  
You'll be fine, so cross the line and Damn it all
