## System Of A Down, Get Out (Live Recording)

What if there's no more poor to help? Another God is what I am. What if I have forgotten how? Come out houses and get out now. Get out right now!

There's something I don't wanna see. But is it growin' in me? CLUE

It is the hardest thing to do. You watch it grow on top of you. I see you're just like everyone. NEVER

There's something I don't wanna see. But it it growin' in me? There's something I don't wanna see.

I don't speak that language any more. My blood is not that color any more. My blood is not that same way any more. I cannot deny it any more. UGH

There's something I don't wanna see. There's something I don't wanna see. But is it growin' in me? There's something I don't wanna see.

There's something I don't wanna see. There's something I don't wanna see. But is it growin' in me? CLUE (Thanks)
