

# System Of A Down, I Fucking Hate You

For everything you do, I'd like to swallow you.  
And every day im gonna blame you.  
Even if you justify every fucking bullshit lie,  
It only makes me want to break you.  
You pull me down, and you crusify my name  
You make me insane. It's broken now  
Don't ever look my way, don't even think I'm playing  
Cuz' I fucking hate you, your such a liar.  
I'd love to hang you, you're all the same to me.  
When you repeatedly take advantage of me  
The only thought I get of you sickens me.  
Everybody knows your fake, your everything I fucking hate.  
And I'm everythig that you could neve be.  
You pull me down, and you crusify my name  
You make me insane. It's broken now  
Don't ever look my way, don't even think I'm playing  
Cuz' I fucking hate you, you're such a liar.  
I'd love to hang you, you're all the same to me.  
And I fucking hate you, you're such a liar.  
I'd love to hang you, you're all the same to me.  
Fuck you! Fuck you! Fuck you! Fuck you!  
""spoken break""  
You pull me down, and you crusify my name  
You make me insane. It's broken now  
Don't ever look my way, don't even think I'm playing  
Cuz' I fucking hate you, you're such a liar.  
I'd love to hang you, you're all the same to me.  
And I fucking hate you, you're such a liar.  
I'd love to hang you, you're all the same to me.  
Fuck you!(fuck you) Fuck you!(fuck you)  
Fuck you!(fuck you) Fuck you!
