

System Of A Down, P.L.U.C.K. Demo

Elimination, Elimination, Elimination
Die!
Why!
Walk Down!
Walk Down!
A whole race, genocide
Taking away all of our pride
A whole race, genocide
Taken away
Watch it all fall down
Don't speak, Don't hear
Don't everybody scream
100 thousand dying on your TV screen
Don't speak, Don't hear
Nothing real to fear
The sick man of Europe finishing his meal
Recognition, Restoration, Reparation
Recognition, Restoration, Reparation
Watch it all fall
Revolution the only solution
The armed response of an entire nation
Revolution the only solution
Weve taken all your shit
Now its time for restitution
The plan was mastered and called genocide
(Never want to see you around)
Took all the children and the we died
(Never want to see you around)
The few that remained were never found
(Never want to see you around)
All in a system...
Down!...Down!...Down!....Down!
Walk down!
Walk down!
Watch it all fall down
They tried to terminate us
Knowing no one would fuss
Its time to take it over
Its time for the attack
They tried to terminate us
Knowing no one would fuss
Its time to take it over
Its time for the attack
The plan was mastered and called genocide
(Never want to see you around)
Took all the children and the we died
(Never want to see you around)
The few that remained were never found
(Never want to see you around)
All in a System of a Down...down
Hangman, Hangman, Hangman,Guilty...
Hangman, Guilty...
Hangman, Hangman, Guilty, Guilty
Hangman, Hangman, Guilty, Guilty!
Hangman, Hangman, Guilty, Guilty!
Hangman, Hangman, Guilty, Guilty!
Hangman, Hangman, Guilty, Guilty!
Hangman, Hangman, Guilty, Guilty!
Fuck you like a dog
Well I see you barking like a dog
Fuck you like a dog
Well I see you barking like a dog
Fuck you like a dog
Well I see you barking like a dog

Fuck you like a dog
Well I see you barking like a dog
