

System Of A Down, Stealing Society

Yeah, oh right

Yeah, oh right

Two skies watching it all fading

Two skies living it all fading

Two skies watching it all fading

Two skies fading ones abating

Two suns living it all dying

Two suns fighting ones abiding

Two suns watching them both fighting

Two suns seeing them both dying

Two suns watching them both fighting

Two suns fighting ones abiding

Two skies seeing them both dying

Two skies fading ones abiding

Crack pipes, needles, PCP and fast cars

Kind of mix really well and a dead movie star

When I feel like talking I'll never be wrong

If I fell like walking you best come a long

I close my windows crank the heat up high till my palms are red and my lounge is dry

I'm looking for a motha that will get me high

Just a stupid motha fucker if I die I die

I'm a midnight fist fight

Looking for a motha that will get me high

Just a stupid motha fucker if I die I die

All right

Looking for a motha that will get me high

Just a stupid motha fucker if I die I die...
