

System Shock, Broken In Two

I am the devil in this hell
I trapped us all inside this cell
I..d never let us, only my soul
Will leave a letter for each one that goes

I put my knowledge to the test
I gave us all a place to rest

My mind is broken in two
My lord am i betrayed?
My mind is broken in two
I am our fate - I am your God

This can..t be no mistake I..m seeing
How could I do this? How could i not?
How could I ever make all of them see
It was my orders versus me...

I put my duty over us
In vein I betrayed the trust

My mind is broken in two
My lord am i betrayed?
My mind is broken in two
I am our fate - I am your God
