

# System Syn, Existence In Neutral

did we ever pay a price for our petty lives  
our pretty lies and alibis  
the crimes for which we feigned remorse  
the time when what was mine was yours

but youre alive and Im alive  
so what else can we say  
Im alive and youre alive  
why did it have to work that way

these things I take to the grave  
with no weight on my conscience  
existence in this neutral state  
far above your love and hate  
these things I take to the grave

youre alive and Im alive  
so what else can we say  
Im alive and youre alive  
but one of us wont stay that way

and when the sun sets on the skyline  
I will see our words buried  
under earth will lay the ashes  
into nothing you return
