I got your hate mail here  
The perfect way to die  
Giving up your opinion  
I'll Give ya what I prescribe.  
Down to size.  
I got your hate mail here  
I'm like a needle in your eye  
Can't deny your opinion  
I'll give ya what I prescribe  
This is beyond for real  
It's beyond all of your repair  
Did you get the news?  
No reprise when you're down there.  
It brings you down  
It brings you down  
It brings you down  
To my size.  
I got your hate mail here  
The perfect way to die  
Can't deny the messenger  
Can't rely solely on abuse.  
Coming down my ugly truth  
Coming down for just your use  
When it's in your face  
All of me into you.  
It brings you down  
It brings you down  
To my size  
It brings you down  
To my size.  
It brings you down  
To my size  
It brings you down....  
To my size.
