

# Systematic, Of A Lesser God

Obscene - Unbecoming  
And always look down  
Unclean - No returning  
But it's so clear and so sound.  
Between - My shortcomings  
A simple way out  
It seems nothings working  
But this saves me from me.  
Waste away inside  
Pulling with this tide  
Of a lesser God  
It suits you fine.  
Slip into subhuman  
And phasing you out  
Pristine no resurgence  
Your in-between the next life.  
Waste away inside  
Pulling with this tide  
Of a lesser God  
It suits you fine.  
I think it's safe to say  
Can't make it go away.
