

# Szymon Wydra & Carpe Diem, for You Babe, Dla

If you wish to stay in love  
If you still can love me now  
Choose living

I am the one to blame for the tears you cry  
Know your every scar so i wish i might  
Say sorry now  
Say sorry now  
In your every wound i poured salt one time  
I was very cruel and this is why  
I wanna ask  
I wanna ask

If it still make ssense to you  
Gimme one more Chance and  
Love me, too!

Take my hand again  
Let me start anew  
Lert me change your world  
Make your dreams come true  
I want nothng else  
I just wanna live  
Fro you, baby
