Swear I treat you like a queen you put me in his place
So you can give back his ring and the key to his place
Tell the nigga one thing that you need yo space
Selling niggaz is one thing you don't need to chase
I wanna kiss you everywhere between yo knees and waist
Hear the sounds that you makin, get yo knees to shake
Holla at me in the A, you feel you need to escape
I gotta mansion and a gate, you wit me you safe
A Benz, a Phantom and a truck wit 23's the case
600 Gz in the safe, how much cheese it take?
This a chance you need to take, ain't no need to wait
Say the word we can leave today, this somethin' special
And it feel like fate, hate to make a mistake
How the same thing making you sad, making you stay

[Chorus]

[T.I.]

Can he touch you like that, and make you make you feel like this
Holla if you came back and it's still like this
Do he hit it from the back and make you feel it in ya chest
Take advantage of what you concealing in ya dress
What, he think he to fresh to show you that you the best
Compliment you on your hair and legs and treat you wit respect
Give you sex till you sweat, tongue kissing on yo neck
It's been awhile since she got it like this I bet
